NEW QUESTION: 1

Which three statements are true about the Validated Scope of the project?

- A. It uses outputs of the Bid Transition process as a prerequisite.
- B. It documents the boundaries of the project.
- C. It documents the contents of the Work Breakdown Structure.
- D. It is a key input to the Project Management Plan.
- E. It documents only contractual deliverables.

Answer: B,C,D

Explanation:

Explanation: B: Scope Management - The goal of the Scope Management process is to identify clear boundaries of what is to be implemented and what key work products are to be produced.

D:A work breakdown structure permits summing of subordinate costs for tasks, materials, etc., into their successively higher level "parent" tasks, materials, etc. For each element

of the work breakdown structure, a description of the task to be performed is generated. This technique (sometimes called a system breakdown structure) is used to define and organize the total scope of a project.
