Available help from our products, And we are also pass guarantee and money back guarantee, So hurry to buy the Marketing-Cloud-Administrator test guide from our company, you will benefit a lot from it.

It can be printed on the papers which **Latest Marketing-Cloud-Administrator Exam Format** are convenient for you to take notes and learn at any time and place.

NEW QUESTION: 1

DRAG DROP

You have a server named Server1 that runs Windows Server 2016. On Server1 you use the Basic template to create a new Data Collector Set named CollectorSet1.

You need to configure data collection for the performance counters. The configuration must support the following requirements:

- * Data collection must run on a schedule.
- * Data collection must stop if there is less than 1 GB of free disk space.

What should you modify to meet each requirement? To answer, drag the appropriate settings to the correct requirements. Each setting may be used once, more than once, or not at all. You may need to drag the Split bar between panes or scroll to view content.

Answer:

Explanation:

NEW QUESTION: 2

HOTSPOT

Your company has a main office and a branch office. You have client computers that run Windows 8 Enterprise. You are evaluating whether to disable IPv6 on the client computers in the sales, marketing, research, and finance departments.

Each user in the sales department has a laptop and frequently accesses the network by using a PPTP VPN connection.

Each user in the marketing department has a desktop computer located in the branch office. All of the marketing department computers are configured to use BranchCache.

Each user in the research department has a desktop computer located in the main office and uses IPsec to access research servers.

Each user in the finance department has a laptop and frequently accesses the network by using an SSTP VPN connection.

In the table below, identify which departments require IPv6 and which departments do not require IPv6. Make only one selection in each row. Each correct selection is worth one point.

Answer:

Explanation:
