And we also have free demo on the web for you to have a try on our NCX-MCI exam questions, Our NCX-MCI practice materials are distributed at acceptable prices.

You can learn anywhere, With the help of real **Testing NCX-MCI Center** exam dumps provided by Buolkab, you can easily become a certified professional today.

**NEW QUESTION: 1**

- A. Corp-4
- B. Corp-2

- C. Corp-3
- D. Branch-1
- E. Corp-1
- F. Branch-2

**Answer: A,F**

Explanation:

There are 2 segments on the topology above which are separated by Corp-3 router. Each segment will have a DR so we have 2 DRs. To select which router will become DR they will compare their router-IDs. The router with highest (best) router-ID will become DR. The router-ID is chosen in the order below:

The highest IP address assigned to a loopback (logical) interface.

If a loopback interface is not defined, the highest IP address of all active router's physical interfaces will be chosen.

In this question, the IP addresses of loopback interfaces are not mentioned so we will consider IP addresses of all active router's physical interfaces. Router Corp-4 (10.1.40.40) & Branch-2 (10.2.20.20) have highest "active" IP addresses so they will become DRs.

**NEW QUESTION: 2**

Welche der folgenden Überlegungen ist für einen IS-Prüfer bei der Überprüfung eines Lieferantenauswahlprozesses am wichtigsten?

- A. Für erbrachte Dienstleistungen des Anbieters wurde der niedrigstmögliche Preis erzielt
