NEW QUESTION: 1
What is (are) included in internal and external attestation?
A. Internal and external audits
B. 27002 risk assessment
C. SSAE 16 assessment
D. IT and service provider audits
Answer: A

NEW QUESTION: 2
An administrator issues the show ip interface s0/0 command and the output displays that interface Serial0/0 is up, line protocol is up What does "line protocol is up" specifically

indicate about the interface?
A. A carrier detect signal has been received from the connected device.
B. CDP has discovered the connected device.
C. Keepalives are being received on the interface.
D. IP is correctly configured on the interface.
E. The cable is attached properly.
Answer: C

NEW QUESTION: 3
Which three activities are supported by the Data Recovery Advisor?
A. Advising on inaccessible block change tracking files
B. Advising on empty password files
C. Advising on invalid block header field values
D. Advising on inaccessible control files
E. Advising on block checksum failures
Answer: C,D,E
Explanation:
* Data Recovery Advisor can diagnose failures such as the following:
/ (B) Components such as datafiles and control files that are not accessible because they do not
exist, do not have the correct access permissions, have been taken offline, and so on
/ (A, E) Physical corruptions such as block checksum failures and invalid block header field values
/ Inconsistencies such as a datafile that is older than other database files
/ I/O failures such as hardware errors, operating system driver failures, and exceeding operating system resource limits (for example, the number of open files)
* The Data Recovery Advisor automatically diagnoses corruption or loss of persistent data on disk, determines the appropriate repair options, and executes repairs at the user's request.
This reduces the complexity of recovery process, thereby reducing the Mean Time To Recover (MTTR).

NEW QUESTION: 4
If the Table of Contents section of a report is enabled, how will that affect the layout of the report?
A. It will create a special view in the report where a Table of Contents can be manually typed in.
B. It will create an option to add a logo as a cover page.
C. It will provide a list of the template parts, organized in the order of their appearance in the report.
D. It will include the date when the report is created, a note that the report is created by VMware vRealize Operations Manager and page number.

Answer: C
